Lab report on

## **Computer fundamentals and applications (CACS-101)**

As required for the partial fulfillment of

BCA 1<sup>st</sup> Semester

Affiliated to Tribhuvan university

Submitted by

Smriti Shrestha

Roll no: 25

Submitted to

Department of BCA

## CERTIFICATE FROM THE SUPERVISOR

I hereby affirm that the Lab Report titled "**Computer Fundamentals and Application**" is an academic undertaking carried out by '**SMRITI SHRESTHA**' as part of the partial fulfillment of the requirements for the degree of **Bachelor of Computer Application** at the esteemed Faculty of Humanities and Social Sciences, Tribhuvan University, under my unwavering guidance and supervision. To the best of my discernment, the content presented in the Lab Report is the original work of '**SMRITI SHRESTHA**' and reflects her individual effort and ingenuity in the field.

## ACKNOWLEDGEMENT

I would like to extend my heartfelt appreciation to **Prajwol sir** and the entire faculty of Humanities and Social Sciences for providing me with the opportunity to complete this project. I am immensely grateful for the support and guidance received during the course of my studies.

The requirement to submit this report stems from the guidelines set forth by **Kathmandu College of Technology (KCT)**, where it is mandatory to obtain practical marks. Our esteemed teacher for Computer Fundamentals and Application has been a constant source of motivation, providing valuable insights on how to structure and prepare the report to achieve optimal results. I am particularly grateful to all my fellow BCA students who were actively engaged in this endeavor.

This report is intended to be a valuable resource for future reference, and I am committed to delivering a high-quality output in accordance with the academic standards set forth by KCT.

Thank You

Sub: Application for post of Graphic Designer

Dear Sir,

I am very interested in the position of Graphic Designer at your esteemed organization. I came across the position via your advertisement in New York Times.

I believe that I can give my best for your company; I am confident that I have the skills to excel at your dynamic organization. I have always dreamed of being a part of your company due to the development opportunities you provide. I request you to give me an opportunity to learn and grow at your esteemed firm through this job role.

I am confident that my skills perfectly match your requirements. I have also attached a copy of CV with this application,

Thank you for considering my application. I hope you find it suitable so that we can arrange a meeting. I look forward to hearing from you.

Yours sincerely,

Smriti Shrestha

# THE KATHMANDU POST

Tuesday, April 11, 2023

## A singer's untold story

Musician Arjun Kaushal opens up about his unstable career and the many challenges he has overcome on his journey. Arjun Kaushal has been active in the music industry for over three decades, but the composer, lyricist and singer still finds it difficult to sustain himself in the field. Kaushal isn't a formally trained musician and having worked so long in the music industry, he feels formal training isn't necessary for people who want to pursue a career in it. "At the beginning of my career, I just knew the eight notes—'Sa Re Ga Ma'. But that didn't stop me. I immersed myself in the field and picked up skills through regular practice," he says.

## Will UML help the coalition on transitional justice bill?

As the ruling parties want to fast-track the bill, the role of the second-largest party is being keenly watched. Seventeen years have passed since the peace process began following the signing of the Comprehensive Peace Accord in 2006. But major political parties are still blaming each other for the delay in concluding the process. Needed amendments to the laws have not been made while the two commissions created to provide justice to the insurgency victims remain largely ineffective?

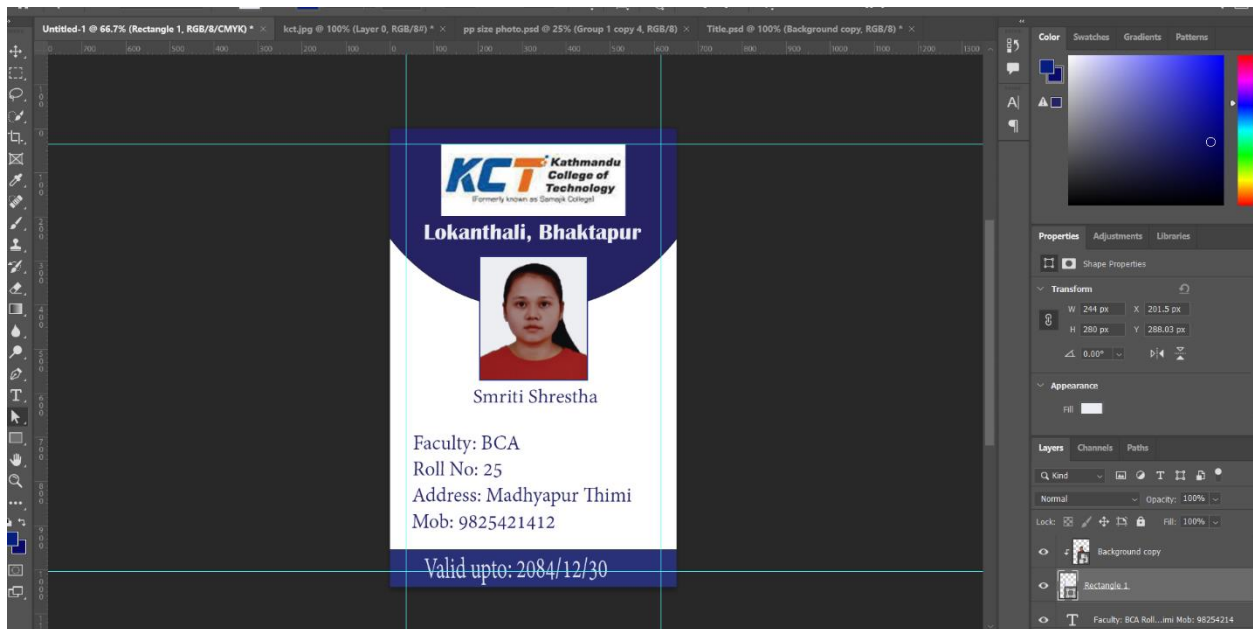

5. Design an attractive advertisements using Photoshop.

Final Result

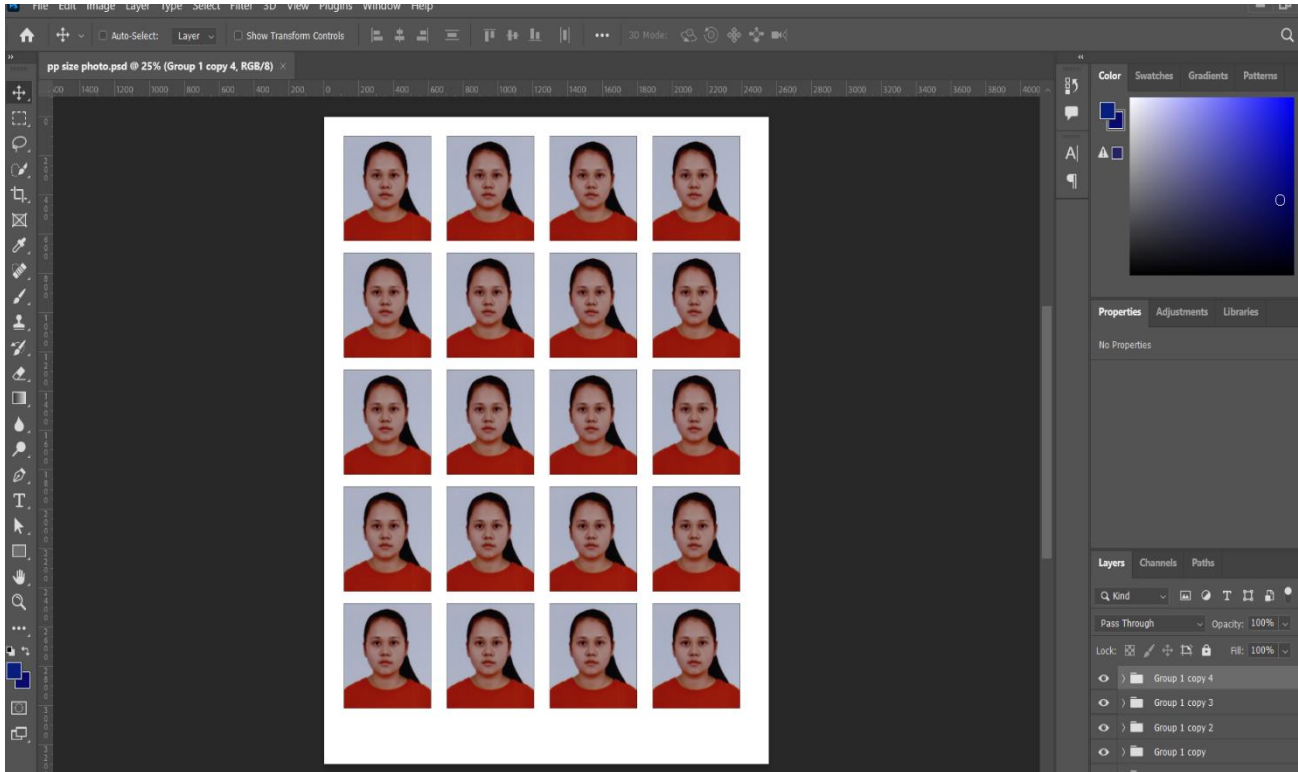

6. Design an ID card for your college using Photoshop.

Final Result:

7. Prepare your passport size photo with white background in Photoshop.

Final Result:

## B. Spreadsheet software

8. Create a marks ledger of 10 students as per the following conditions:

- Calculate total marks
- Calculate result, whether the student has passed or failed the examination.
- Calculate the percentage of each student.
- Calculate the grade of each student where 90-100% is A+, 80-90% is A, 70-80% is B+, 60-70% is B, 50-60% is C+, 40-50% is C and <40 is non-graded that is "NULL".

## C. Presentation software

11. Prepare a presentation including at least 10 slides of any topic of your choice related to Information Technology.

# Introduction to AI

- The stimulation of human intelligence in machines that are programmed to think and act like humans,
- Used in wide range of applications like self driving cars and virtual assistants,
- Can perform tasks that require human intelligence like decision making, problem solving, learning, reasoning, etc.

## Types of AI

- Narrow/ Weak AI: designed to perform specific tasks such as speech recognition, facial recognition and language recognition
- General AI: Can perform any task a human can do
- Super AI: can surpass human intelligence and can solve problems that are beyond human comprehension

"Artificial intelligence will reach human levels by around 2029. Follow that out further to, say, 2045, we will have multiplied the intelligence, the human biological machine intelligence of our civilization a billion-fold."

— Ray Kurzweil, Inventor and Futurist

## Advantages of AI

- Increased Efficiency
- Cost Savings
- Improved accuracy
- Consistency
- Reduced Error

# Disadvantages of AI

- Job Loss
- Potential misuse
- Over reliance on machines

# THE FUTURE OF AI

- Is expected to bring greater automation in industries such as transportation, manufacturing, etc.
- Is expected to have significant impacts on healthcare, such as improving diagnostics, personalized medication and drug discovery
- Is expected to improve significantly in the upcoming years
- Advancement in self driving cars

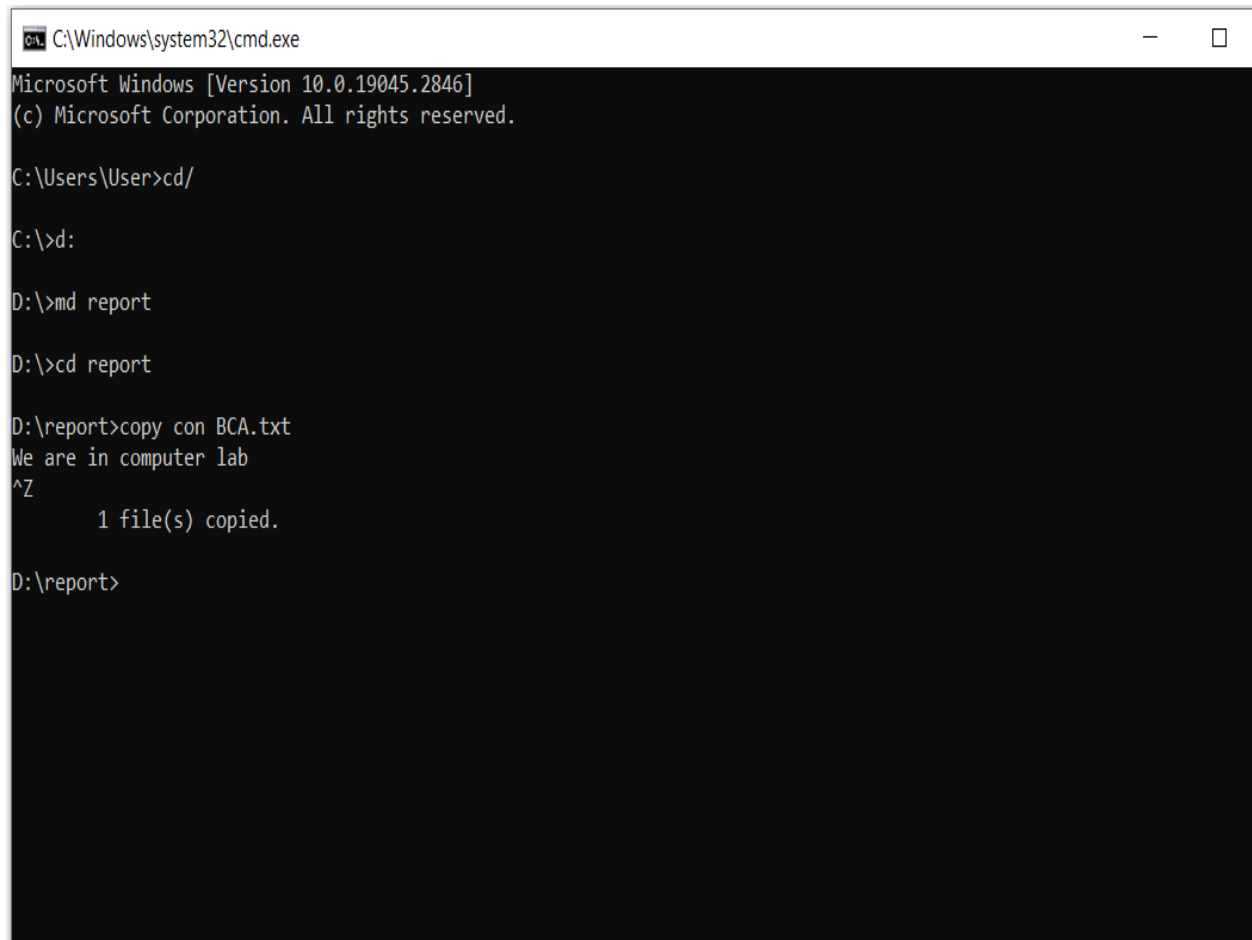

# CONCLUSION

- AI is a powerful tool that can bring significant benefits for society and the economy with proper planning and consideration,
- It has the potential to drive innovation, improve productivity and enhance our quality of life.

Thank you!

## D. Operating system

12. Create a file named “BCA.txt” under your currently created directory. The file should contain the text “We are in computer lab”.

```
C:\Windows\system32\cmd.exe
Microsoft Windows [Version 10.0.19045.2846]
(c) Microsoft Corporation. All rights reserved.

C:\Users\User>cd/

C:\>d:

D:\>md report

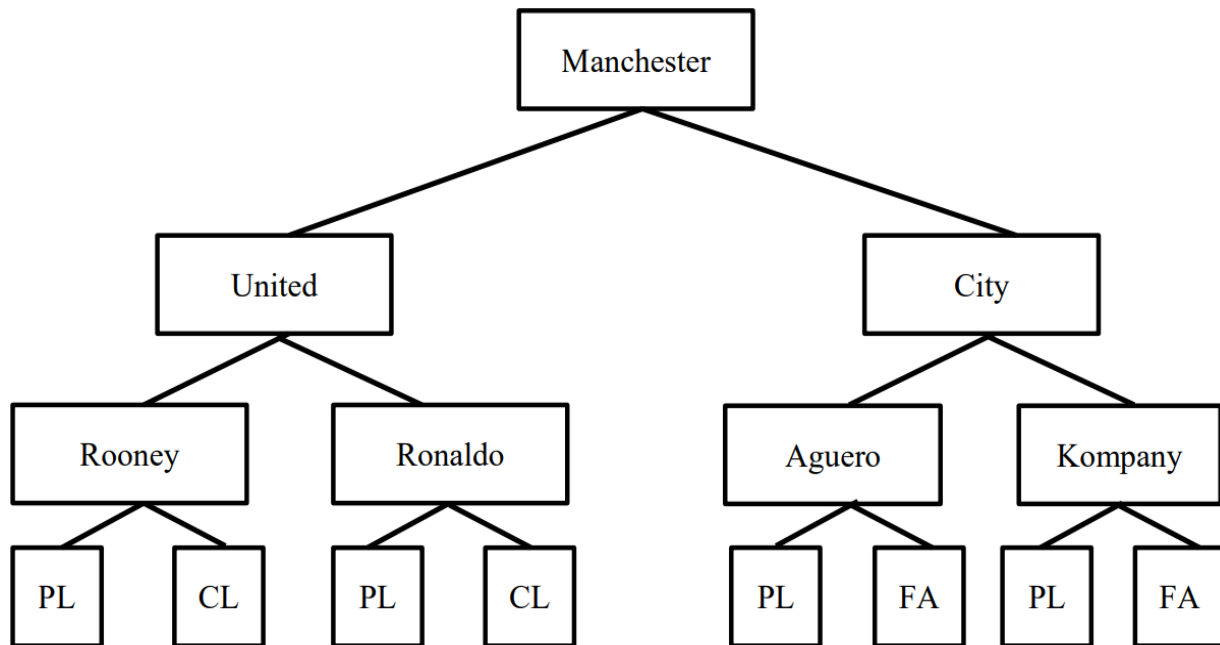

D:\>cd report

D:\report>copy con BCA.txt
We are in computer lab
^Z
        1 file(s) copied.

D:\report>
```

13. Create files and folder according to the below chart.

- a. Manchester is Main Folder/Main Directory.
- b. United, City, Rooney, Ronaldo, Aguero and Kompany are Sub Folder/Sub Directory.
- c. PL, CL and FA are files.

```
Microsoft Windows [Version 10.0.19045.2846]  
(c) Microsoft Corporation. All rights reserved.
```

```
C:\Users\User>cd/
```

```
C:\>d:
```

```
D:\>md manchester
```

```
D:\>cd manchester
```

```
D:\manchester>md united city
```

```
D:\manchester>cd united
```

```
D:\manchester\united>md Rooney Ronaldo
```

```
D:\manchester\united>cd Rooney
```

```
D:\manchester\united\Rooney>copy con PL.txt
```

```
^Z
```

```
1 file(s) copied.
```

```
D:\manchester\united\Rooney>copy con CL.txt
```

```
